

Statement of Generally Available Terms (SGAT)

This Statement sets forth the terms, conditions and pricing under which any Customer will be charged for long distance termination in the event that Peerless Network terminates a call that a) does not match the jurisdiction or traffic type defined in their Service Order, b) does not match a destination point provided to the Customer in a rate deck; including but not limited to NPA-NXX and LATA/OCN formats.

Effective July 31, 2000, all non-dominant carriers were required to cancel (detariff) their interexchange services. This Statement of Generally Available Terms replaces those tariffs.
